Basic Photo Editing & Printing

This course uses the Editor functions of *Adobe Photoshop Elements* software to make corrections to your photos including: perspective, cropping and straightening; exposure, brightness and contrast; color corrections and "red eye" removal; basic retouching and whitening teeth; noise reduction and sharpening. We'll also discuss processing Raw files and how to print your photos. *Adobe Photoshop Elements* is available for, and functions identically on both PCs and Macs. (2 **three-hour** Sessions)

Prerequisite: *Organize My Photos* or equivalent.
Cost: $30 members, $35 non-members
Register by: Wednesday Noon of the week <u>before</u> the course begins
